Feel The Innovation

Founded in 1975, SOM is the first company in Turkey to produce vinyl coated cover materials. SOM has a pivotal role in the recognition of the uses of vinyl coated paper in the industry and has been a leader in paper and cardboard processing through its high-quality products.

As SOM, we derive our strength from our commitment to change and improvement; we pursue persistently innovation. We follow the developments in the world closely and aim to go one step further. We invest into the future with our solid experience from the past. We become a part of your everyday life. In your homes or offices, through our innovative covering materials. **The diary on your desk or pocket, your writing pad, ring binder, folder, or notebook...** **The cover of a magazine, a book, the box of the fragrance or a unique bag for a gift you bought your loved one for their birthday...** We are closer to you than you think. We are just a touch away...

As a result of years of experience and intensive R&D activities, SOM offers its clients an eminently innovative, high-quality and richly-varied product range. Building on the solid experience of the past, SOM delivers products for the future.

Our mission is to strive to fulfill the demands and expectations of our shareholders in accordance with total quality management, to maintain the highest levels of working and living conditions for our employees, and to create "brand loyal" clients drawn to a company that never sacrifices quality. It is among our top priorities to protect the environment, to take all possible precautions for employee safety, and to create a hygienic environment for production. One of our goals is to always strive for the better while maintaining a strict adherence to the current standards and regulations pertaining to the prevention of environmental pollution.

TECHNICAL SPECIFICATIONS

MATERIAL

Vinyl coated paper & cardboard

WEIGHT

180 g/m²±10g

ROLL WIDTH / LENGTH

106 cm[±] x 100 m

(*) Sheet cut upon request

SHEET SIZE

100 cm x 70 cm

(*) For cardboard base

SAMPLING SERVICE

50x70 LG cm free of charge*

(*) For standard catalogue colors

MINIMUM ORDER QUANTITY

600 m | For standard catalogue colors

1500 m | For custom colors

PRINTING APPLICATIONS

- Hot and cold embossing
- Hot foil printing
- UV lacquer printing
- Silk screen printing with suitable inks
- High frequency welding*

(*) Except metallic colors
